In its most common form, the ascending (Aaroh) and descending (Avaroh) scales are as follows:

 Raag Bhairav notation: An Overview
 What is Raag Bhairav notation? Raag Bhairav notation refers to the systematic representation of its musical structure, notes, phrases, and characteristic motifs in a written or symbolic form. This notation serves as a guide for performers, students, and researchers to understand the intricate details of the raga's framework. Unlike Western staff notation, Indian classical music notation often employs a combination of sargam (solfège), alphabets, and symbolic representations to capture microtonal nuances and ornamentations essential to the raga.

Types of notation used in Bhairav

Sargam notation: Using solfège syllables (Sa, Re, Ga, Ma, Pa, Dha, Ni) with modifications for flat notes (Komal Re, Komal Dha).

Numerical notation: Assigning numbers to notes (e.g., 1 for Sa, 2 for Re, etc.) with indicators for flat or sharp notes.

Graphical notation: Musical charts or diagrams illustrating ascending and descending patterns, phrase motifs, and note emphasis.

Ornamentation notation: Symbols indicating microtonal slides, oscillations, and embellishments like meend (glide), gamak (oscillation), and murki (quick ornament).

Components of Raag Bhairav notation

Scales and Note Patterns

Bhairav's notation captures its unique scale:

Aroha (ascending): Sa Re Ga Ma Pa Dha Sa

Avaroha (descending): Sa Dha Pa Ma Ga Re Sa

Note that the Re and Dha are komal (flat), which is critical in defining Bhairav's mood. Notation systems explicitly mark these notes, often with symbols like ?(re)? or ?(dha)? to denote flatness.

Characteristic Phrases and Motifs

Certain phrases or 'pakad' (signature sequences) are essential in identifying and improvising within Bhairav. Notation includes these motifs, such as: Re Ga Ma Dha Sa Re Ga Ma Pa Dha Sa

These are often annotated with specific ornamentation and emphasis to guide performers.

Microtonal Nuances and Ornamentations

Bhairav's expressiveness depends heavily on microtonal slides, oscillations, and subtle inflections. Notation incorporates symbols for:

Meend (slide from one note to another)

Gamak (oscillatory movement)

Murki (quick grace notes)

Proper notation of these embellishments ensures the raga's emotional depth is preserved in performance.

Methods and Systems of Notation

Traditional Sargam-based Notation

This is the most common in Indian classical music education, where notes are written as Sa Re Ga Ma Pa Dha Ni, with modifications for flat or sharp notes. For Bhairav, Re and Dha are marked as ?Komal Re? and ?Komal Dha?.

Advantages: Intuitive for performers familiar with sargam

Emphasizes pitch relationships

Disadvantages: Less precise for microtonal nuances

Difficult to represent ornamentations purely in text

Numerical and Modern Notation Systems

Some systems employ numbers (e.g., 1-7) to denote notes, with additional symbols for ornamentation. For example: 1 (Sa), 2 (Re), 3 (Ga), 4 (Ma), 5 (Pa), 6 (Dha), 7 (Ni)

Flat notes indicated by a prefix or suffix (e.g., Re?) or special symbols

Advantages: Easier to transcribe electronically

Suitable for computational analysis

Disadvantages: Less intuitive for traditional performers

Requires familiarity with the notation conventions

Graphical and Manuscript Notation

In historical manuscripts, notation often appears as diagrams, phrase charts, or symbolic diagrams indicating note sequences and ornamentation. Modern digital notations sometimes blend graphical elements with textual descriptions.

Advantages: Visual clarity of phrases and motifs

Useful for analysis and teaching

Disadvantages: Not standardized; varies across sources

Less accessible for live performance guidance
